The catalog has been updated with high-quality art, visually appealing feature pages and application images showing the products in use. You will notice a NEW exclusive product line – **TruForm** which features a complete line-up of required and preferred forms – *Forms You Can Trust to Get it Right!* We've expanded your exclusive **V!Zi** product line to include (Swooper Flags – Standard, 3-D and Flat Top, Clip-on Paddle Flags – Standard and 3-D, Banners and Bows). This unique line has all of your HIGH-V!ZI-BILITY products to attract attention and keep it. We've also added **DIRECT MAIL** to your One-Stop-Shop – completed step by step In-House from Design to Production to Mailing! Direct mail is proven to be effective at deepening customer loyalty and increasing name awareness. Reach out today for more information! We'll be happy to help!

Since the COVID-19 pandemic began, we have had substantial price increases in many areas of manufacturing and raw materials – especially resin (plastic) and metal products. As you know, we recently raised the price of seat covers to help offset this increase. We delayed passing on additional price increases because we were hopeful this would be temporary. Unfortunately, that has not been the case. Prices continue to rise and there are continued supply chain delays. Although we find it necessary to pass on some of these increases, we have worked diligently to keep these to a minimum and to offer the same great quality products. Due to these efforts, some product pricing has remained the same or even decreased! Examples of this are: **CAATS** Dispatch Numbers (RL-78's/White), **File Right** File Folders and Color Code Labels, Kleer-Bak Stock Stickers, **V!ZiFlag** 4 Piece Pole Sets and Water/Sand Bases for Swooper Flags, Air Dancers and Blowers, **Peel N Seal** Interior and Exterior Buyer's Guides, Synthetic Temp Tags and many more! The new price sheet is **effective August 16, 2021**, with the exception of new items, which are effective immediately.

Want more **GOOD NEWS!**? We've received feedback from many of you regarding the ever-increasing cost of freight and that your customers are pushing back on freight costs due to the *"Amazon-Effect of Free or Reduced Freight"*. We've been working hard to negotiate with our carriers and are excited to announce a **20% DECREASE IN FREIGHT** for all small parcel orders weighing over 10 lbs. This change will also be effective August 16, 2021. That's not all though...orders placed on ASP Connect will still see an **additional freight SAVINGS!** Also, don't forget we ship our most popular, heavier products to our West Coast customers from our Sparks, NV location to save money and time in transit. You asked and we listened!!

Included in this packet is a catalog, Distributor Price sheet, Suggested Sales (Retail) Price sheet, New Item List and Discontinued/Changed Item List. Discontinued items will be available while supplies last or until September 1, 2021. Your Distributor Price Sheet remains formatted in item number order by the first 3 digits to make it shorter and easier to use. Stock product pricing begins on page 4 and Custom product pricing begins on page 17. We've added product weights as well as Master Carton quantities to make shipping more cost effective. Reduce your number of packages by ordering in case quantities and **SAVE money!**

We have also updated our website, www.autoserviceproducts.com, the blind website, www.autoformsandsupplies.com and ASP connect to reflect the new products and catalog pages. Check out ASP Connect for product availability and pricing on all of our top-quality products!
